

Combined Internal Auditing for ISO 9001/ ISO 14001/TS 16949/ OHSAS 18001

WHY THIS COURSE: With the integration of internal auditing standard for ISO 9001 and ISO 14001, there is a need for integral auditing of all aspects of the organizational systems e.g. TS 16949, ISO 9001, ISO 14001 and OHSAS 18001. This course will help to develop competent auditors, in one go instead of attending different program, thus saving money and resources. This course is specially designed with a purpose of combined auditing process and save auditing man-days.

HOW OUR COURSE IS DIFFERENT: We assure you that after the course, qualified auditors can write their own standard. They would rarely have to refer to the standard after the course. We would also take all practical implementation problems in consideration and would suggest different options to deal with such situations.

WHO SHOULD ATTEND: The purpose of this course is to create awareness and auditing of TS 16949, ISO 9001:2000, ISO 14001 and OHSAS: 18001 standards. This will help the organization to implement a simple and effective result oriented system. We also undertake consultancy project on Implementation of Integral Quality Management system based on ISO 9001/ ISO 14001 and OHSAS 18001
